

Code of honor

Zentraler Hochschulsport München

Developed within the framework by the initiative prevention of sexualized violence in University Sports, we would like to call on all those involved to actively contribute to collegial and constructive cooperation as well as a culture of watching out for each other carefully, interacting respectfully – based on mutual appreciation.

- ✓ I respect the right of the persons entrusted to me or those entrusting themselves to me to physical integrity and do not use any form of violence - be it physical, psychological or sexual.
- ✓ At all times, I respect personal boundaries and characteristics and I am aware that these can vary greatly from person to person with regard to feelings of closeness and distance.
- ✓ Through my actions and appearance, I consciously take on the positive and active position of a role model in university sports and the associated training - this includes the prevention of sexualized violence, manipulation and unequal treatment of any kind.
- ✓ I support the personal development of each individual and ensure that the respective sport-specific rules as well as the idea of fair play are followed.
- ✓ During my activities, I always use situational-specific and appropriate forms of methodology and didactics. This also includes continuously reflecting on my actions and, if necessary, realigning them such as being able to offer individual and self-determined framework conditions as best as possible.
- ✓ I respect and treat all people fairly, regardless of their social, ethnic and cultural background, ideology, religion, political convictions, sexual orientation, mental and physical abilities, age or gender. At the same time, I actively oppose any verbal or non-verbal form of discrimination.
- ✓ I will refer any violations of boundaries, discrimination and/or sexualized violence that I witness or that are brought to my attention in confidence to the appropriate contact points.

I recognize this Code of Ethics and will actively act in accordance.
